

CONTAMINANTS STATEMENT

To whom it may concern

Product: Mulberry Leaf Extract

Product Code: AC03088a

We hereby confirm that the above-mentioned product Mulberry Leaf Extract is manufactured in accordance with good manufacturing practices.

Compliance with the maximum contaminant levels set by Regulation (EU) 2023/915 is systematically ensured through:

Formal risk assessment for potential contaminants;

Routine analytical testing using validated methods for pyrrolizidine alkaloids (PAs), aflatoxins, nickel, and other heavy metals, MOSH, MOAH, and PAHs;

Finished product release only upon confirmation that all results meet regulatory limits.

Based on the above quality control system, the product fully complies with all applicable requirements of Regulation (EU) 2023/915.
